

# Babel Street Analytics Quick-Start Services

Fast-track your digital transformation journey with cutting-edge professional services plans

Babel Street Analytics, an AI-powered NLP platform, empowers enterprise and public sector teams to meet their goals for fighting financial crime, mitigating insider threats, and protecting borders. As an industry-leading provider of data and analytics solutions, we understand the need for robust, efficient, and comprehensive data analysis tools. Our suite of professional services is designed to assist your organization in navigating proprietary, unstructured data with confidence and proficiency.

Each of our professional services packages offers a unique set of features and capabilities to meet your specific requirements while delivering top-tier solutions that are fine-tuned to accelerate your understanding and harness the valuable insights hidden within your data.

## Professional Services for Babel Street Analytics

### **Custom-tailored approach**

Our services are designed to accommodate the unique needs and requirements of your business. Our programs range from integrating and tuning advanced name matching to optimizing the accuracy of entity extraction and content categorization configurations, ensuring a personalized solution for your specific objectives.

### **Speed and efficiency**

Each of our quick-start programs aims to deliver results in an expedited timeline over six weeks. Our approach shortens the time-to-production, helping you derive value from our solutions faster.

### **In-depth analysis and evaluation**

Our services go beyond mere implementation; we provide comprehensive data and business analysis, generate accuracy reports, and perform error analysis, enabling you to make smarter decisions faster.

### **Knowledge transfer and best practices**

With access to our wealth of expertise and proven practices, your team can increase their competence in managing and optimizing our software solutions. Our services are designed for your technical staff, data analysts, QA team members, and project management, ensuring a wide range of your team benefits from our guidance.

### **Continuous support and improvement**

Babel Street Professional Services is dedicated to your ongoing success. We provide the tools for a repeatable model training process and establish a roadmap for continual improvement and the addition of new model types, ensuring your systems remain up-to-date and effective for the long run.
